^	3778/524*	lt rust green

* Where 2 colors are shown beside a symbol, a strand of each color should be used in the needle while stitching.

INSTRUCTIONS: The model was stitched on 16 count ivory aida from Zweigart. Use **2 ply** floss for all cross stitches and **1 ply** floss for all back-stitching. All cross stitching should be completed in an area before back-stitching. The small chart in the lower left corner is the continuation of the bottom of the main chart. The two rows shaded in light red at the bottom of the main chart and the two shaded rows at the top of the small chart are the **same two rows** and are to be stitched only once.

BACKSTITCHING: Backstitch birds' eyes, beaks and feet in 310, wing feathers in white and tail feather in 414. Eyes are French knots in 310 (1 ply). Backstitch all wisteria stems in 3363. Backstitch monogram in 3721.

Stitch Count: Across - 156 Down - 154

The design is shown framed in a 14 1/2 x14 1/2" frame. The matting and frame as shown are available as Serendipity Designs framing kit #FKL-140.
